As in the past, while pre-riding do not cross the finish line while the timing system is running and do not pass active racers on course. **USA Cycling rankings points:** (from <http://usacycling.org/news/user/story.php?id=6998> )

A rider's rankings are determined by averaging their 3 best rankings in a USAC race within the last 12 months. Points are based on race quality, determined by the 5 best ranked riders in the race rather than the race category. Ranking points are used to determine start order at nationals for non-UCI ranked categories.

As a general rule, Road and MTB riders who race Cyclocross should be racing in categories as listed below – you may request upgrades based on road/MTB category from USA Cycling.
