Warming up on the Course Once the last rider has crossed the line in the current active wave, the race officials will allow riders to "pre-ride" the course to become familiar with route and obstacles. Please enter the course past the finish line and do not pass or enter in front of riders who are still racing on the course. As in the past, while pre-riding do not cross the finish line while the timing system is running and do not pass active racers on course. There will always be enough time to complete one lap before the next race starts. Once the next race has started, warming up on the course is not allowed.

CATEGORIES: Senior (over CX age 18) and Masters categories may be listed by ability as well as age. Ability categories are as follows:
A (CX Cat 1-4) is the fastest group out there – also might be called expert, elite. Highly competitive – if you aren't an experienced racer (in cyclocross or another discipline) this is likely not the group for you.
B (CX Cat 3-5) is the intermediate group – faster and more experienced than "C" riders but not at "A" pace yet.
C (CX Cat 4-5) is geared toward the beginner rider – new racers should usually start here and move to "B" when comfortable.

Masters is for riders with a **racing age (on Dec 31, 2015)** equal to or greater than the indicated age. **Masters A** (CX-1-4) is often the second fastest group on the course, just behind the A race. Basically "A"racers that are older and have family/career commitments.
Masters B (CX3-5) is generally a bit slower than B, as the average age is higher in the Masters group For new racers eligible to race masters, you might want to try both "C" and Masters B to see which you prefer.

CYCLOCROSS RACING AGE: A rider's racing age for the 2014-15 Cyclocross Season is the 'racing age' the year in which the CX World Championships take place which is February, 2015. Basically your racing age for the entire cyclocross season running September 2014 through January 2015 is your age as of 12/31/2015.

SoCalCross discourages sandbagging. Please upgrade to the higher category when qualified. NOTE: USA Cycling does not recognize ABR or NABRA sanctioned events for CX category upgrades or USAC national ranking points. More info at: www.USAcycling.org

RESULTS: Race results will be posted near the awards area immediately following each race. Please make sure to check your results within the 15 minute posting/protest period or they will be final. Online results at: **www.SoCalCross.org/results**
